

Amendments to the Specification

Please amend the specification as set forth in the accompanying substitute specification. This substitute specification includes no new matter, and it excludes the claims, in accordance with 37 CFR 1.125. No accompanying "clean" version is supplied, in accordance with the OG Notice posted on the Office's web site at

<http://www.uspto.gov/web/offices/com/sol/og/2003/week08/patform.htm>. However, should the Examiner wish to have a clean version, one will be supplied upon request.
